PERSONAL INFORMATION

First Name, Last Name	Oprea Anca Maria
Permanent Address	RO-555200, Str.N.Balcescu no.26, Avrig, Sibiu.
Telephone, Mobile	0744 603 952
E-mail	anca.oprea@math.ubbcluj.ro
Marital Status	Married
Nationality	Romanian
Date, Place of birth	05.11.1986, Sibiu

PROFESSIONAL EXPERIENCE

Date	September 2009 -March 2013
Position	Economic operator, accountant.
Name of Company	<i>SC Apa Canal SA Sibiu</i>

EDUCATION AND TRAINING

DATES 2012- present

- Name, type and address of organization providing education and training
- Principal subjects/ occupational skills covered

Babeş-Bolyai University Cluj–Napoca, Institute for Doctoral Studies
Ph.D. student in Mathematics

Fixed Point Theory for nonself operators

DATES 2010-present

- Name, type and address of organization providing education and training

“Lucian Blaga”; University of Sibiu, “Herman Oberth” Faculty of Engineering
Specialization: Economic Engineering

•Principal Subject/
occupational
skills covered

Projecting with AutoCAD and OrCAD, Electronics (minimum knowledge);
Micro architectures Organization and Design, Advanced Computer
Architecture, Research Methods in Advanced Computing Architectures

DATES **2005-2011**

• Name, type and
address of
organization
providing education
and training

“Lucian Blaga”; University Sibiu, Faculty of Science Specialization:
Mathematics and Computer Science ;

“Lucian Blaga”; University Sibiu, Faculty of Science Specialization: Applied
Mathematics (Master Degree)

• Principal subjects/
occupational
skills covered

Programming with C++, PHP, Smarty, Java, Pascal; Data base: MySQL,
Assembly Language, MathLab, Basic and applied mathematics;

**Technical skills and
competences**

Language

Romanian

Languages

English

Comprehension		Speaking		Write
+	+	+	+	+

Programming languages and
skills

Windows, Microsoft Office package, Matlab, Mapple, C++, WinEdt

Others skills

Organizational skills
Team work
Always ready to learn new things

Driving License

Category B, since 2005

Others information

Published papers:

“Common fixed point results in b-cone metric spaces over topological vector spaces”,
General Mathematics vol.20, No.1(2012), 57-67

“On some inequalities” , Mathematical Education Sibiu 2009

“Fixed point theorems for multivalued generalized contractions of rational type in
complete metric spaces” , Creative Mathematics and Informatics, 2014, to appear.
